

# CALL FOR PROJECT PROPOSALS ON COASTAL ECOSYSTEM CONSERVATION AND RESTORATION

In collaboration with the Blue Partnership Action Fund (BPAF), IOC Sub-Commission for the Western Pacific (WESTPAC) is calling for project proposals to support efforts in marine biodiversity conservation, and coastal ecosystem restoration (e.g. mangrove, seagrass, coral reefs) in the Southeast Asia.

TURN  
VISION  
INTO  
ACTION

## Focus Areas

The Fund supports conservation, research, and public awareness raising initiatives targeting:

-  Coastal ecosystem (mangrove, seagrass, coral reefs, etc) conservation and restoration, and sustainable livelihoods;
-  Marine biodiversity conservation and monitoring;
-  Relevant citizen science, public outreach or environmental education activities.
