

**UN Decade of Ocean Science for Sustainable Development (2021-2030)  
Regional Kickoff Conference for the Western Pacific and its Adjacent Areas  
25-26 November 2021, online**

**PROGRAM**

**DECADE ACTION INCUBATOR 3:**

**Advance the application of remote sensing to coastal habitat mapping and monitoring**

**Thursday 25 November 2021, 0830-1030 (UTC+7, Bangkok time)**

**Registration**

**Conveners:** Teruhisa Komatsu, Japan Fisheries Resource Conservation Association, Japan  
Vo Si Tuan, Institute of Oceanography, Vietnam

1. Explanation of the purpose of the symposium  
*Teruhisa Komatsu, Japan Fisheries Resource Conservation Association, 5 min*

**Session 1: Coastal Habitat Mapping for ICAM**

2. Importance of coastal habitat mapping for ICAM  
*Phan Min Thu, Institute of Oceanography, Vietnam, 20 min*
3. Coastal Habitat mapping and its contribution to conservation in Malaysia  
*Aidy M. Muslim, Universiti Malaysia Terengganu, Malaysia, Nurul Nadiah Yahya and Mazlan Hashim, Universiti Teknologi Malaysia, 20 min*
4. Coastal Habitat Mapping in Maluku Province, Indonesia to Support the SDG-14's Goal  
*Sam Wouthuyzen, LIPI, Indonesia, 20 min*
5. Long term changes in a coral reef ecosystem and human impacts in Spermonde Archipelago  
*Nurjannah Nurdin, Hasanuddin University, Indonesia, 20 min*

**Session 2: Discussion**

6. Discussion on Coastal Habitat Mapping and ICAM and beyond ICAM, 30 min
  - Requested discussant: Yutaka Michida, the University of Tokyo, Japan on Marine Spatial Planning and coastal habitat mapping, 5 min
  - Requested discussant: Milica Stankovic, Prince of Songkla University, Thailand on Blue Carbon, 5 min
7. Closing  
*Teruhisa Komatsu, Japan Fisheries Resource Conservation Association, Japan, 5 min*
